

Press Release

**SMART Modular Technologies (WWH), Inc. Updates Time of Conference Call to Discuss Financial Results for its Third Quarter, Fiscal 2009**

***Conference Call Scheduled for 2:30 p.m. PT on Thursday, June 25, 2009***

NEWARK, Calif. - June 16, 2009 - SMART Modular Technologies (WWH), Inc. ("SMART") (NASDAQ: SMOD), a leading independent manufacturer of memory modules, solid state drives, embedded computing subsystems and TFT-LCD display products, today updated the time of its previously scheduled conference call to discuss financial results for the third quarter of its fiscal 2009. The call will begin at 2:30 p.m. Pacific Time (PT), 5:30 p.m. Eastern Time (ET), on June 25, 2009.

**Conference Call Details**

The conference call will be hosted by Iain MacKenzie, President and Chief Executive Officer, and Barry Zwarenstein, Senior Vice President and Chief Financial Officer. The call may be accessed US toll free by calling +1-877-941-4774 or US toll by calling +1-480-629-9760. Please join the conference call at least ten minutes early and use the access code 409-4900.

A replay of the conference call will be available until July 9, 2009 at [www.smartm.com](http://www.smartm.com).

**About SMART**

SMART Modular Technologies is a leading provider of memory products, offering more than 500 standard and custom products to top-tier OEMs in the computer, industrial, networking, and telecommunications sectors. Taking innovations from the design stage through manufacturing and delivery, SMART has developed a comprehensive memory product line that includes DRAM, SRAM, and Flash in various form factors. Through its subsidiary, Adtron Corporation, SMART offers high performance, high capacity solid-state drives for enterprise, defense/aerospace, industrial automation, medical, and transportation markets. SMART's Display and Embedded Products Group designs, manufactures and sells thin film transistors (TFT) liquid crystal display (LCD) solutions to customers developing casino gaming systems as well as embedded applications such as kiosk, ATM, point-of-service, and industrial control systems. SMART's presence in the US, Europe, Asia, and Latin America enables it to provide its customers with proven expertise in international logistics, asset management, and supply-chain management worldwide. More information on SMART may be obtained at [www.smartm.com](http://www.smartm.com).
