Location: The Ritz Carlton Hotel, San Francisco

Live and recorded audio webcast of SMART’s presentation will be available on the Investor Relations section of the company’s website at www.smartm.com. The recorded audio webcast will be archived and available for approximately two weeks.

About SMART

SMART is a leading independent designer, manufacturer and supplier of electronic subsystems to original equipment manufacturers, or OEMs. SMART offers more than 500 standard and custom products to OEMs engaged in the computer, industrial, networking, telecommunications, aerospace and defense markets. Taking innovations from the design stage through manufacturing and delivery, SMART has developed a comprehensive memory product line that includes DRAM, SRAM, and Flash memory in various form factors. SMART also offers high performance, high capacity SSDs for enterprise, defense, aerospace, industrial automation, medical, and transportation markets. SMART’s presence in the U.S., Europe, Asia, and Latin America enables it to provide its customers with proven expertise in international logistics, asset management, and supply-chain management worldwide. See www.smartm.com for more information.
